SARAS TANNA

SOFTWARE DEVELOPER · BCA

Jam-Khambhaliya, Gujarat | +91 6353707382 | sarastanna1608@gmail.com | LinkedIn

PROFESSIONAL SUMMARY

BCA graduate from Parul University with internship experience in software automation and quality control. Hands-on with Python automation, web scraping and data extraction using Selenium, Google APIs and PostgreSQL. Passionate about coding, cloud computing and data-driven problem solving, and seeking a Software Developer role.

TECHNICAL SKILLS

Programming	Python · Java · C
Automation & Web	Selenium WebDriver · XPath · Google APIs (Drive, Sheets) · JSON · Full-Stack Development
Databases	PostgreSQL · RDBMS
Tools & Platforms	Linux · Git
Spoken Languages	English · Hindi · Gujarati

CERTIFICATIONS

- **Linux** — IIT Bombay
- **RDBMS PostgreSQL** — IIT Bombay
- **C Programming** — IIT Bombay
- **Java** — IIT Kharagpur

EXPERIENCE

Quality Control Intern | NAV Fund Services

- Reviewed data and reports for accuracy and consistency as part of the Quality Control team

Software Engineer Intern | Gururo

- Designed and built automations to streamline internal workflows and reduce repetitive manual tasks

PROJECTS

Book My Cab | Live Consultancy Project, FITCS — Jan 2025 – Dec 2025

- Developed modules for cab booking, ride scheduling and ride management on a live client platform
- Implemented payment integration and the end-to-end booking workflow
- Collaborated in a 5-member team to turn client requirements into a scalable architecture

Concepts: Database management, system design, workflow management

Google Sheets Data Automation Tool — 2023

- Built a Python tool to securely retrieve and process Google Sheets data for real-time reporting
- Integrated Drive and Sheets APIs with OAuth 2.0, significantly reducing manual effort

Tech: Python, gspread, oauth2client, Google Sheets API

Doctor Profile Web Scraper — 2023

- Automated extraction of doctor names, specialisations, experience and fees from Apollo 24/7
- Handled dynamic content with XPath and organised raw data into structured datasets

Tech: Python, Selenium WebDriver, XPath

EDUCATION

Bachelor of Computer Applications (BCA) — 2023 – 2026

Parul University, Vadodara · Capstone project on AI-driven web applications

Class XII — GSEB | LSHLM School, Jam-Khambhaliya — 2023

Class X — GSEB | St. Xavier's English Medium School, Jam-Khambhaliya — 2021
